Permstein 2023

The Heiligenstein vineyard is known for its unique geology and a grape variety composition which has been around for decades. The vineyards located in Zöbing have distinguished themselves for years from other wine villages in the area with the high proportion of Riesling that's grown there.

Our Permstein is a unique and exciting village wine cultivated like in the olden days. Vinified from two grape varieties that harmonize wonderfully together: Riesling from the high, meagre terraced areas, combined with Grüner Veltliner grapes from the foot of the Heiligenstein, produce a rich, invigorating wine.

Vintage 2023

The year started off dry and cool. In April nature awakened with the first rainfall. Spring followed with constant changes of sun and clouds which delayed flowering. The hot, dry summer allowed the grapes to ripen harmoniously.

At the beginning of September we were delighted to start the sparkling wine harvest. However, we had to briefly hold our breaths when hailstorm hit us on September 13th. Our experienced harvest team removed the damaged grapes with their nimble fingers and the rest of the harvest went like clockwork. Today we look at the great vintage 2023 with happy faces.

Making of the wine

Both Riesling and Grüner Veltliner were selectively hand harvested on the same day. After a short maceration period, both grape varieties were carefully pressed and the must was spontaneously fermented in neutral oak barrels without any temperature regulation. By maturing on the full yeast for ten months, the wine was able to fully develop and thereby present its uniqueness, which is further enhanced by being bottled unfiltered.

Style

Puristic, enlightening and lively. Permstein stands for complexity and clarity. Culinarily versatile, this wine harmonises with everything from seafood risotto to spicy vegetable curry and accompanies them without pushing itself into the foreground.

J FACTS

Grape Varieties: Riesling & Grüner Veltliner
Soils: Zöbing Perm rock, at the foot of the slope reddish, weathered desert sandstone
Hand picked grapes from organic farming
ABV: 12.5 %Vol.
Ac: 6.5 ‰
Rs: 1.7 g/l
Ageing potential: 2031
