Rosé vom Zweigelt 2024

The cool Kamptal climate offers perfect conditions for rosé wines with finesse and fine fruit. The Zweigelt Rosé impresses with its bright pink color with onion skin colored reflections, delicate fragrance and the fine fruit nuances of cherries and wild berries. Fresh and vibrant!

Making of the wine

The ripe grapes were carefully harvested by hand in small boxes. The grapes were destemmed and after a short maceration period, after the grape must had acquired its classic onion skin color, it was gently pressed and the must was clarified. In order to preserve the delicate aromas and fragrances of the grapes, the must was slowly fermented in stainless steel tanks and then matured in them for some time on its fine lees.

Vintage 2024

With a good cushion of winter moisture in the soil, vegetation got off to a very early start in 2024. When winter returned at the end of April, we were once again reminded of how unpredictable nature can be. Frost damage in some vineyards required swift action and a great deal of patience. The flowering, which began very early at the end of May, already indicated a potentially early harvest. The warm summer with well-distributed rainfall allowed the vineyards to thrive beautifully, and even during the heat of August, the vines remained vital. The harvest of the first grapes for sparkling wine began as early as August 21. The main harvest demanded all our expertise and was marked by swift work, variable weather, and intensive selection. As winemakers, we embrace challenges, and in this unpredictable year, we managed to overcome them - from frost to heavy rainfall and a flooding Kamp River. By November, the young wines were already showing beautifully vibrant and full of promise. Shortly before the end of the year, we were delighted by a particularly wonderful surprise: Gault Millau named us the "Exceptional Winery of 2025."
